I've been waiting for a long time,
For someone who can make my dreams come true,
You've been with me for a long time,
Helpin' me through all that I have gotten through,
And I'm thankful for everything,
You do for me boy and you know that I love you,
I'll take care of anything you'll ever need,

Oooohhh, When your all by yourself,
Baby I got you,
If you need someone to call,
Baby I got you,
There's no need to be lonely,
I got you,
And I know that you got me too boy,

When you smile at me it makes me weak,
I can count on you boy to be there when I'm falling,
I didn't have to change for you to see,
That nothing can ever come between you and me,
I need you for who you are,
And all that I am when I'm standing next to you,
I'm so lucky I even have you in my life,

Oooohhh, When your all by yourself,
Baby, I got you,
If you need someone to call,
Baby, I got you,
There's no need to be lonely,
I got you,
And I know that you got me too baby,

Your heart is with me and with nobody else,
(Nobody else)
I'm trying to keep my cool but I can't help it,
(I can't help it)
I can't imagine life without your love,
(Without your love)
Now and forever your all I'm thinking of,

Oooohhh, When your all by yourself,
I got you, In the end

There's no need to be lonely,
And I know that you got me too baby,

When your all by yourself,
If you need any help,
I know you got me too boy,
All by yourself,
There's no need to be lonely,
Oooohhh all by yourself,
I got you,
When your all by yourself,
I got you
