I see you walk the street
My broken heart still skips a beat
I hear your name inside I go insane Baby
Each day that we don't touch
Is one more day it hurts to much
I can't forget the love that we made

There'll come a moment when were gonna meet
(again)
Baby it won't even bother me
Trying to make it to the day you'll be just an old
botfriend
Won't be thinking of you every night
Wishing we could only try
Won't tear me up inside
Just an old boyfriend

Anyone can see the love we killed is killing me
I'm just so sad to lose what we had
There's no doubt that I should be ok by now
But I'm not there yet It hurts me so bad

There'll come a moment when were gonna meet
(again)
Baby it won't even bother me
Trying to make it to the day you'll be just an old
botfriend
Won't be thinking of you every night
Wishing we could only try
Won't tear me up inside
Just an old boyfriend

Nothing more and nothing less
No more living with regret
Your memory won't get the best of me
Ohhhhhh your gonna see

There'll come a moment when were gonna meet
(again)
Baby it won't even bother me
Trying to make it to the day you'll be just an old
botfriend

Won't be thinking of you every night
Wishing we could only try
Won't tear me up inside
Just an old boyfriend

There'll come a moment when were gonna meet
(again)
Baby it won't even bother me
Trying to make it to the day you'll be just an old
botfriend
Won't be thinking of you every night
Wishing we could only try
Won't tear me up inside
Just an old boyfriend
