I need to find somebody who can't sleep at night  
Without holding me tight  
I want someone who see's me all the time in their  
dreams  
And wakes up thinking just of me

Spent time on my own  
Spent time being free  
Now I just want to be

(Chorus)  
Overloved  
Over needed  
Over wanted  
Over missed when I'm away  
Overloved  
Over dreamed of  
Over cared about  
Over everything  
I'd give anything to be overloved

I want someone who can't wait  
To kiss me again  
Even though it's been  
A minute since they last did

I want someone who has love songs  
And dedicates them to me  
Two loving arms  
Never out of reach

Been fine all alone  
Did fine being free  
This time I wanna be  
This time a wanna be

(Chorus)

Want someone to talk to me  
With talk so sweet  
Want someone who's there  
To share their world with me

Oh baby

I've been too lonely  
For too many nights  
This time I need  
Someone in my life

This time I want  
Someone holding me tight  
Been under kissed  
Under touched  
Now I just want to be

(Chorus)

Ooh...

I just wanna be overloved  
By someone who's over inlove with me  
Over Kissed  
Over touched  
Overmissed

Overloved...
