Chorus - DjBrokenavenUE:

Sitting here alone in this darkness thinking to my self  
What I do make you leave me here all by my self  
I can feel it all around me it's driving me insane  
And the sad thing is I can't even remember your name

T.C Criminal:

Sitting in the chat room doing the same  
Some one hit me up with a bling, bling, bling

Next thing I knew my screen was filled  
Oh no this shit must be real

Oh - No, where do I go?  
Some body hit me with a boot code

So I get that Y- Ton  
They told me that's what I need to run  
To block them pings and to block them pows  
And I still got my ass booted on out

Young Blunt (AzA):

I get booted on out every where I go  
Every where I go there wanting me to flow

So I keep on flowing, flowing while I keep the base  
down low  
I hit it so hard the hater still says no  
You already know that I got to go  
Got to get to a show  
While I say that I can not be late then I walk out the door  
It hurts so bad, all I do is think about you  
It's not that I don't want to - It's just that I'm on the move  
And the things I got to do to try and keep me with you  
Just got to keep going, going can't lose  
Went to D.T for abuse  
Came back got put on house arrest with nothing to do  
So I'm just asking what made me like you?  
From all the fun stuff we done and all the things you

put me through

Chorus - DjBrokenavenUE:

Sitting here alone in this darkness thinking to my self  
What I do make you leave me here all by my self  
I can feel it all around me it's driving me insane  
And the sad thing is I can't even remember your name

Lil' DJ (AzA):

Sitting here in my bedroom writing to this song  
Brain Storming like I did with life goes on  
When I look hella depressed there asking what's wrong  
When I'm in my chat room they keep agging me on

To where I look pissed like I have anger  
Just hit me up fans on my yahoo messenger  
I like to shoot videos and being an actor  
This goes out to all of my fans as being a rapper

Sitting here all by my self, alone in this darkness  
Trying to talk to you but I'm so wordless  
Don't know what to say thinking I'm so worthless  
I went out with her thinking, was she really worth it?

Was she really worth even being put up with  
How could I of hit you up on my cell when I barely have  
service  
Every time I'm dizzy, that's when I'm Nervous  
I keep the base down low, like I barely heard it

I'm always hanging out with you, always having you  
around  
Miss the old days like what am I going to do now  
Searching all over the world, all over the town  
Just to find that one girl that was always around

Sitting down here in the dark thinking, why did you  
leave?  
Me here on my own and why did you left me  
Sitting here feeling alone while your gone and with  
some body else  
Alone at this park in this darkness thinking to my self

Chorus - DjBrokenavenUE:

Sitting here alone in this darkness thinking to my self  
What I do make you leave me here all by my self  
I can feel it all around me it's driving me insane  
And the sad thing is I can't even remember your name
