I know there's something in the wake of your smile
I get a notion from the look in your eyes
You've built a love, but that love falls apart
A little piece of heaven turns to dust
I've got the power!
Listen to your heart
When he's calling for you
Listen to your heart
There's nothing else you can do
I don't know where you're going
And I don't know why
But listen to your heart
Before you tell him goodbye
Hes got the power!
Sometimes you wonder if this fight is worthwhile
The precious moments are lost in the tide, yeah
They're swept away, and nothing is what it seems
A feeling of belonging to your dreams

Listen to your heart
When he's calling for you
Listen to your heart
There's nothing else you can do
I don't know where you're going

And i don't know why
But listen to your heart
Before you tell him goodbye

And there are voices that want to be heard
So much to mention but you can't find the words
The scent of magic, the beauty that's been
When love was wilder than the wind

Listen to your heart
When he's calling for you
Listen to your heart
There's nothing else you can do
I don't know where you're going
And I don't know why
Listen to your heart before you tell him goodbye
Listen to your heart

I don't know where you're going
And I don't know why
But listen to your heart
Before
You tell him goodbye
I've got the power!
It's getting, it's getting, it's getting kinda hectic (x4)
