Can we try again,  
To start a new a lovely story that will shine a ray of  
light,  
Upon our hearts that will bring back long lost glory,  
Of how it used to be,  
Baby you and me,  
Convinced we were each other's destiny,

My heart cries out to you, you must forget me  
I've been dancing in the dark  
I've been searching for a spark  
The fires still burning

I believe we'll make it through  
If you stand by me  
We can weather any storm  
We can keep each other warm  
As long as there's love

Every time I think of us  
My eyes are filled with tears to think that  
I gave into sweet temptation  
With words that like music to my ears  
I hope it's not too late  
But ur still awake  
Proves to me that your still having faith

My heart cries out to you, you must forget me  
I've been dancing in the dark  
Been searching for a spark  
The fires still burning

I believe we'll make it through  
If you stand by me  
We can weather any storm  
We can keep each other warm  
As long as there's love

Faith is not mine, and if I could I'd unturn the hands of  
time

My heart cries out to you, you must forget me

I've been dancing in the dark  
I've been searching for a spark  
I believe we will make it through  
If you stand by me  
We can weather any storm  
We can keep each other warm  
As long as there's love  
Never in love, in love
