I lie awake and feel your nearness
I never wanted more than this

I don't wanna run
Beneath your tears
I don't wanna catch them
When they're falling

But it's the same old song playin' over and over
Now I lie upon my face and though we tried
I guess that's the way it's supposed to be

Don't say goodbye say goodnight
So it's not over
And if you try and answer why
It's just over, it's goodbye

I hope to see the dawn of daybreak
And the sun rise to cloudless skies

And now I've tried to see the truth
But I close my eyes
And you were there for me
And I was there for you

Don't say goodbye say goodnight
So it's not over
And if you try and answer why
And it's just over, it's goodbye

But now I lie upon my face and though we tried
I guess that's the way it's supposed to be

Don't say goodbye say goodnight
So it's not over
And if you try and answer why
And it's just over, it's goodbye

It's goodbye
It's goodbye
It's goodbye
