Chorus: Bad feelings gone, you can't hurt me no more
You keep me down, I don't need you no more I've spent
most of my life fucking around Now it's getting me too
down It's a waste of my time hangin here Chorus It's
too late to change me I'm at the end of my rope when
I'm with you I'm set in my own ways, Life's too short to
worry about your say I don't think I'll make amends
When you get outta my light, It's too bad that I won't
miss you I doubt I will say amen Now it's time I move on
with my life I'm set in my ways, it's my way to live the
way I love to live my life But my life is short, it's coming
to an end My choice to live my life My choice to live my
life I'll never make amends, I'll never say amen?
Chorus I doubt I'll make amends, I doubt I'll say amen?
