We teach our children how to act in this world by living  
what they see on TV. Hate, fuck , fight, kill Chorus A  
race of murderers with no remorse and no respect for  
humanity, We wonder why our children kill hate and lie,  
with no responsibility Chorus Fuck the world for fuckin

I'll tell you what your missin, It's time to start living in  
reality so fuck the world before the world fucks me We  
live so many days of our selfish live making money by  
whatever means For sex, drugs, our sadistic needs we
