I make now a stand for belief that I'm steadfast
In hating all of the bullshit you give me doubt my
future, present and past
Who are you to infringe your values upon me, I've
learned the hard way
Stepping on my toes, you've put my back to the wall,
my back to the wall
I've been told a thousand times to give respect when
due
Why do you find it so hard to believe I've got none for
you
It's my heart and my mind that I'll always follow, I will
not break
Nor will my balls, although that I've seen that you've
tried
Before
Why are people fake?
Chorus:
Maybe you're older, wiser on your own right, it's your
mistake
I'm gonna do my own thing regardless, my choice to
make
I am real, in touch with my feelings, and I know my
place
You have shown, on the other hand, both sides of your
face
I see the world in a different light
Things not always black and white
Through all these years still, to this day
My hardened eyes see only shades of grey
I would never try and tell you what was right from
wrong
Maybe that's why you feel that I don't belong
Always put me down for things I've said and done
Can't you see it's a war that can't be won
Lead
A war that can't be won
Living in your world seems so clear and concise
Shutting out reality makes everything so nice
Paint a pretty picture black and white everyday
See my tattered canvass bleedign shades of grey

Chorus
