Come and talk to me, I really wanna meet you girl
I really wanna know your name
Come and talk to me, I really wanna meet you girl
I really wanna know your name, ah yeah, baby

'Cause you look so sexy, you really turn me on
Blow my mind every time I see your face, girl
You look so sexy, you really turn me on
Blow my mind every time I see your face, girl

And even though whatever they call you
Forever I'm loyal, do whatever to spoil you
The way you fit them jeans, Seven should call you
That ass have me makin' heavy withdrawals

I'm smooth when I approach and I stare at them stones
Make you move in with the coach and leave them
players alone
We could talk 'bout it, get a bottle, pull the cork out it
One convo and then you in the condo

I've been watchin' you for so very long
I'm tryna to get my nerve built up and be so strong
I really wanna meet you but I'm kinda scared
'Cause you're the kinda lady with so much class

I get my thoughts together for the very next day
But when I see you lately, I forget what to say
Your eyes and hair, such a beautiful tone
The way you dress and walk, it really turns me on
Yeah, you really turn me on, c'mon, c'mon, c'mon

Come and talk to me, I really wanna meet you
Can I talk to you? I really wanna know you
Come and talk to me, I really wanna meet you
Can I talk to you? Really wanna know you

There you are again, since finally, babe
I wanna know just what it is to make you feel this way
I wish I could grab you, tell you what it means to me

You walkin' my way, then it really makes my day

'Fore I go to sleep and dream about you
I'm a single man and I hope that you are single too
But we'll see, something that'll set my mind free
'Cause curiosity is buggin' the hell outta me, yeah,
baby
You turn me on, c'mon, c'mon, c'mon

Come and talk to me, I really wanna meet you
Can I talk to you? I really wanna know you
Come and talk to me, really wanna meet you
Can I talk to you? Really wanna know you

You wanna tell me your name?
I wanna play your game

See I catch a girl eye when I play the club
'Cause they ain't seen a diamond dance like this
Since Lisa Ray in the players club
They might say it's doves but you seen the way it rubs
I would say they must've missed a couple inches, boo

I seen them heels, you on a couple inches too
Come with me, I'll show you what a couple inches do
But first, I was hopin' on
We could sit and talk, you know, get our Oprah on

And we can down martinis faster than Lamborghini's
On places where they only wear trunks and bikinis
I don't talk game like a sports commentator
That'll get you sex now and a court problem later

I rather be real 'cause even while havin' these mil's
I'm down to earth, like gravity still
But you look so sexy, you really turn me on and on and
on
And on and on and on and on and on and on, yeah

I wanna know, won't you tell me your name?
Say you look so good, yeah
Baby, c'mon and take off all your clothes, yeah
Let me lick you from head to toe

Baby, don't you stop
No, no, no, no, no, no, oh no, no, no
Don't you leave me lonely, baby

C'mon baby, c'mon baby

I wanna lick you from head to toe
C'mon baby, c'mon baby
Come here and talk to me, babe
