You see I been waiting
Waiting on that time
Feel me if you been waiting on yours
That moment...
Is close

[Hook: Jeremih]

Tired of living day to day like everything is alright
Just waiting on that moment
Waiting on my moment

[Verse 1: 2 Chainz]

Old dude met mom it was on
Then he named me over a phone, prison term
Live and learn, sippin' syrup with my vision blurred
Take this cup of reality, niggas finna err
When you start from the bottom you can see the top
So when you get to it, don't let 'em see the spot
Next thing you know you lookin' for a rent sign
Upper echelon, bitch we skip line
I remember reminiscing in the kitchen like
I wonder when the Braves gon' win it
I wonder when the Falcons gon' get here
Pyrex vison, made more than I ever made with DTP this
year

[Hook: Jeremiah]

Tired of livin' day to day like everything is alright
Livin like theres one thing on my mind
Just waiting on that moment
Waiting on my moment

You say you got that "off" shit? Hell nah
Next time thats mine

Long as I stay hustling im gon' shine
Just waiting on that moment
Waiting on my moment

[Verse 2: Meek Mill]

Just waiting on my moment
Bad hoes im shonin
Time came and I owned it
Just like Lebron James and start ballin
When I touch the block I cracked the block
When I pulled up in that muscle drop
With that roof off and my shoes off

On you bitch niggas, RuPaul
Real nigga in my hood, who everybody gon' root for
Cause they see my come from that bottom
Where everybody get bodied
They told me get em, I got em
Now im here nigga like yeah nigga
Just Rolls Royce and Bugattis
And M4's this year nigga
If I dont grind, I dont shine
If I dont shine, then I don' eat
Won't eat, then ima starve
If ima starve, I pull heat
On all yall bitch ass niggas
All yall rich azz niggas
Cuz if I don' make no money nigga
Im gon' take yo money nigga
[Hook: Jeremiah]
Repeat
[Verse 3: Jeremiah]
Since life ain't promised tomorrow
Live it up live it up live it up
Here before it come this far
Give it up give it up give it up
"I won't" give it up give it up give up
Until I have it all, YEAH
[Hook: Jeremiah]
Repeat
