[Drake Verse 1:]

Okay, you know you been on my mind  
A-town I miss you and ol' girl will come late  
And bring all her tips through  
Break up her weed while I break down my issues  
Get paper she blows that  
The next day you know thaaat  
Day dream at night time I think too much  
Then I hit the night club till it's day time  
And I drink too much  
Not time for no good girl  
They hold on and they cling to much  
I just wanna hood bitch that tells me that I sing too  
much  
Ahh yeeeeeahh shout out to the women playing ya'll  
position  
I be movin' through my city like a politician  
Hope you don't judge me  
Cuz me and you are not all that different  
You made me this way, you made me famous  
You all assisted  
New niggas tryna shine  
I didn't condone it  
But I'm back in this bitch  
Reliving the moment  
I'm about to have it popping off again  
Drama 'bout to make it rain on Mary Poppins  
And her friends

[Future - Hook]

We got money in our pocket, and whatever you're  
sipping on  
Red-bottom limping around this bitch, what the fuck  
you tripping on?  
Twenty goons, they in this bitch, you better check your  
tone  
And they gon put you back in place if you do something  
wrong  
We in this bitch, yeah we in this bitch  
We got a section full of girls and they barely speak any  
English  
Let's toast it up to that life and I mean it

[Future - Verse 2]

Water water all around me, damn my diamonds is  
shinnin'

Money raining on your bitch and Future changin' the  
climate

All I hang around is millionaires and a bunch of cons  
Turn up, turn up, turn up it's like I burped a bunch of  
suns

Haaa, from NY back to Atlanta they put my lifestyle on  
camera

Ain't trippin' I'm cockin' hammers addicted to makin'  
movies

I like 'em when the boogie anytime I step out when  
I come through it's a movie

I ain't rappin' to you, I'm into trappin' with words  
And I ain't braggin' to you when I say I'm fly as a bird  
That girl don't speak no Englo' but she know all my  
lingo

She know a robin when she see one and she know a C-  
Note

I got a hatian girl speak creole and a Spanish girl from  
Rio

When you put 'em in a room together make a perfect  
combo

They bout' that life I'm 'bout that life yes we is yes we is  
The money bitches and cars come with the life that I  
live

It shoulda' been a designer party all this designer  
'round me

Pick a name anything money could buy with diamond  
chains

Diamond rings murcielagos valenciagos we toast it up  
to the life nigga this ours

[Hook]
