[Chorus - Kevin Cossom]

You better think before you speak  
Got to recognize, naw man you know me  
Here's a few words of advice, better act right  
I promise (Promise)  
I promise (Promise)  
And don't leave your girl around me  
I know she do what she want  
What's going to happen when she leave?  
Here's a few words of advice, better act right  
I promise (Promise)  
I promise (Promise)

[Verse 1 - Lil Wayne]

Long ass money, short ass temper  
Big fucking gun, soft ass trigger  
Weezy F. Baby and the F is for fuck them hoes  
Got your girl walking around my crib in her  
underclothes  
White man money, tight pants thugging  
Pussy think it's sweet then I Sprite can crush them  
I ain't got nothing but some weed and some bitches  
You niggas ain't eating, clean ass dishes  
Gangsta Grillz bitch, I am still the dentist  
Hit this motherfucker, like Willy McGuinness  
I coach the winners, they throw Gatorade on me  
Silent .45, Potato Head on it  
Ask me how I'm doing, I'm day-to-day homie  
These bitches on my back, I fade away on them  
Young Tune, no Bugs Bunny bitch  
And as long as I got a voice, I'm talking Young Money  
shit, nigga

[Chorus]

[Verse 2 - Mack Maine]

Young Money bitch  
Young Money sick  
Now shut the fuck up and suck a Young Money dick  
Velcro on my aces sticking to the basics  
Black, white, and black pinky ring  
I'm looking like a racist

I'm higher than a satellite  
You just a hermaphrodite  
I've been real since B.C., guess this is the after life  
Drop out from Heavens like, just to raise plenty hell  
Boy I'm trying to touch a billion bucks before 2012  
So that mean I'm focused  
Peep my demeanor  
These bitches talking dirty to me  
Take them to the cleaners  
They say men are from Mars  
And say women from Venus  
But I'm in my space shuttle  
About to serve them like subpoenas  
These niggas keep me laughing, like hyenas  
They only show they guns, Gilbert Arenas  
What's up Serena? You could be my baby momma  
I'm with Barack O-Drama  
This Young Money's Obama

[Chorus]
