[Chorus: Kevin Cossom]

You better think before you speak  
Gotta recognise now man you know me  
Here's a few words of advice, better act right  
Promise (promise)  
Promise (promise)  
And don't leave ya girl round me  
I know she do what she want  
What's gon happen when she leave?  
Huh uhuh  
Here's a few words of advice: better act right  
I promise, I promise

[Verse 1: Lil Wayne]

Long ass money, short ass temper  
Big fucking gun, soft ass trigger  
Weezy F Baby and the F. is for fuck them hoes  
Got your girl walking 'round my crib in her  
underclothes  
White man money, tight pants thuggin'  
Pussy think it's sweet then I Sprite can crush em'  
I ain't got nothing but some weed and bitches  
You niggas ain't eatin', clean ass dishes  
Gangsta Grillz bitch, I am still the dentist  
Hit this motherfucker, like Willy McGuinness  
I Coach the winners they throw Gatorade on me  
Silent four five, potato head on it  
Ask me how I'm doing, I'm day-to-day homie  
These bitches on my back, I fade away on 'em  
Young Tune, no Bugs Bunny bitch  
And as long as I got a voice, I'm talking Young Money  
shit, nigga.

[Chorus]

[Verse 2: Mack Maine]

Young Money bitch  
Young Money sick  
Now shut the fuck up and suck a Young Money dick  
Velcro on my? sticking to the basic  
Black white, and black pinky ring

I'm looking like a racist?  
I'm higher than a satellite  
You should sell hermaphrodite?  
I've been real since BC, guess this is the after life  
Drop out from heavens like, just to raise plenty hell  
Boy I'm tryna touch a billion bucks before 2012  
So that mean I'm focused  
Beat my demeanour  
These bitches talking dirty to me  
Take 'em to the cleaners  
They say men are from Mars  
Say women from Venus  
But I'm in my space shuttle  
Bout to serve em like Sevenus  
The niggas keep me laughing like hyena's  
They only show they guns, Gilbert Arenas  
Wassup Serena, you could be my baby momma  
I'm with Barack O-Drama  
This Young Money's Obama

[Chorus]
