The taste of blood erases all the guilt
Tear down the walls and all that was built
As history repeats, we kill without thought
Do unto others is what we're taught

I can't go on, I'm losing my faith
Lost all hope in the human race
Walking tall, kill or be killed
Stronger than ever, we will rebuild, we will rebuild

Scavenging for something more
Something worth me dying for
All is fair in love and war
We will avenge and even the score

I can't go on, I'm losing my faith
Lost all hope in the human race
Walking tall, kill or be killed
Stronger than ever, we will rebuild, we will rebuild

Kill, kill, kill or be killed, kill
Revenge evens the score, kill
Death for a cause, kill
Live for nothing more, nothing more, oh

We gotta stand up and fight, let's ignite
We gotta put our shit behind us, it's time to unite
Like dynamite we'll explode and take back what is ours
And never let them win again, die, you fucking cowards

We gotta stand up and fight, let's ignite
We gotta put our shit behind us, it's time to unite
Like dynamite we'll explode and take back what is ours
Never let them win again, die

Kill, kill, kill or be killed, kill
Revenge evens the score, kill
Death for a cause, kill
Live for nothing more, kill

Kill or be killed, kill
Revenge evens the score, kill

Death for a cause, kill
Live for nothing more
