You want to break me down  
Every fuckin' day of your miserable life  
You try to take away everything  
Everything from me

Beaten down by society  
Torn apart by humanity  
There's no way out of this misery  
I'll fight forever fearlessly

You can take away the weapon  
From my hand  
But you can never change who I am  
Make my stand

Control the money, control the people  
The kind of the wasteland rules  
The power to conquer a dying nation  
Lies in the hands of a fool

To give your life in the name of a cause  
Only feeds the fire fuel  
As god screams, he moans in regret  
Is vengeance so fucking cruel

You can take away the weapon  
From my hand  
But you can never change who I am  
Make my stand

I have seen the way  
You've wrecked my fellow man  
So I gotta fight to save myself  
Make my stand

Motherfucker, who the fuck do you think you are?  
You can [Incomprehensible] but you will never hold me  
down  
'Cause I will find the [Incomprehensible]  
[Incomprehensible]

The time has come

To destroy anyone  
That tries to stop me  
My fight has just begun

Motherfucker you could never ever step to me  
I too will die for what I believe  
Come out of the shadows  
And show your fucking face

You half a man  
Step up and face me toe to toe  
Knowledge and power blow for blow  
You're a liar, a coward, a thief and a fool  
Now I make my stand

You can take away the weapon  
From my hand  
But you can never change who I am  
Make my stand

I have seen the way  
You've wrecked my fellow man  
So I gotta fight to save myself  
Make my stand
