{As we look at the situation today  
I think the main concern that I have is  
The attitudes that are created among  
Many of our younger people, in which  
They tend to gratify and to make heroes  
Out of those who engage in criminal activities}

Tales from the hard side  
Hard side

Your cards were dealt when you drove through the  
night  
As a man in dark clothes came into your sight  
The barrel tapped the glass, you reached the window  
lock  
Get the fuck out the car and leave it in the crosswalk

He climbed into your seat and dropped a vial of crack  
Pissin' down your leg, you're a victim of carjack  
Feel the cold steel as I pull the hammer back  
Bang, you're fuckin' dead 'cause it's like that

Society pushed him down and out  
Soul provider, what's it all about

Another bad hand the cards have been dealt  
Kid of fourteen, high aspirations held  
To get ahead and run shit with his powerful will  
Told by his role model, you're old enough to kill

See my ride, my bitches and my loot  
If ya wanna survive be prepared to shoot  
Stay hard like me, you're bound to do well  
A waste of precious life, twenty five and an L

Society pushed him down and out  
Soul provider, what's it all about  
Religion, faith, can we do without?  
Social pressure, we're too strung out

Tales from the hard side  
Hard side

Tales from the hard side  
Hard side  
Tales from the hard side  
Hard side  
Tales from the hard side  
Hard side  
Tales from the hard side  
Hard side

Motherfucker  
I'll put a bullet in your head for the color of your skin  
This is my neighborhood, who the fuck let you in?  
I'll stick with mine, stay with your own kind  
The virus of hate infects the ignorant mind

Society pushed him down and out  
Soul provider, what's it all about  
Religion, faith, can we do without?  
Social pressure, we're too strung out
