Feat. Derrick Green, Andreas Kisser of Sepultura

Those who will not use their brains are no better off
than those who have no brains
so this mindless school of jellyfish become a useful
beast of burden
I can't get this fucking feeling outta my head
You've gone and pushed me too far now I wish you
dead
Faith was something that I used to have
But time has covered all the innocence with lies

PUSHING, PULLING, DO THIS, DO THAT
WOULD'VE KNOWN WHAT I KNOW NOW, IT'S A TRAP

Rape and take from me what I make
For you it's a job, for me a mistake
Machines are made to destroy all that's sane
I'll never forget you or your fucking name

I can't take this no more, it's time that I hunt you down
and kill you
I've taken this as far as I'm gonna take it
You get in my face, I'll fucking kill you
Stay outta my way, let me be alone
Get out of my life, I don't need you

I've taken this as far as I'm gonna take it
I'm gonna find a way to fucking kill you
You pushed and pushed and pushed me over the edge
Now I'm searchin for a way to have you fuckin head
Watch the life flow from your veins as I get hard
Think of all the pain you caused me as I discharge
My blood is pumping fast through the heart that you
scarred
As the bodies of my enemies float on by

Now I've got this picture floating in head, you lying in
front of me covered in red
Satisfaction from all I've achieved, the smell of your
rotting flesh, I heave
