You think you know me fuck you
... promises trust this
I fight the . what I quit .
you and I don't know the truth
fuck you can't handle the truth

all your life and all your days
you ain't never gonna change your days
I am never gonna rest till you pay
vengeance is mine
it's not that ... you
. with no regret and no remorse my life my . what I
dream
what is right what is wrong
what you did to me
I take my vengeance to your grave

all your life and all your days
you ain't never gonna change your days
I am never gonna rest till you pay
vengeance is mine
vengeance is mine
vengeance is mine
vengeance is mine
vengeance is mine

all your life and all your days
you ain't never gonna change your days
I am never gonna rest till you pay
vengeance is mine
vengeance is mine
vengeance is mine
vengeance is mine
vengeance is mine
