Aint that the reason your at this club?  
Oh oh oh oh, we gotta fight, oh oh, baby,  
Fight for this love, you only get one shot,  
Baby, I'm so in love, don't stop,  
You aint gonna find it dancing with him,  
Can you hear me, tonight?  
I got a better solution for ya girl,  
Can't you hear me?  
Fight, some people think I'm bonkers,  
For this love, we gotta fight,  
But I just think I'm free, so in love,  
Like baby, baby, baby uh uh uh,  
I didn't know how much, I love ya,  
Uhoh, uhoh, I can see it going down, going down,  
Like oh my gosh, like oh my gosh, like, baby baby, baby  
Uh uh uh, there's so many ways to love ya  
Woahhhhh, you got me screaming ohhhhhhh,  
Got me like, woah oh oh oh, woah oh oh oh  
Don't stop, some dudes know all the right things to say,  
Oh oh oh oh oh, tik tok! when it comes down to it it's all  
just a game, oh oh oh oh oh, we gotta fight, ohh, baby,  
Fight for this love, you only get one shot, baby, I'm so  
in love,  
Don't stop, instead of talking let me demonstrate,  
Can you hear me tonight, get down to business and  
skip foreplay, ay yeah,  
We gotta fight, yeah, yeah, we bring the stars out,  
We gotta fight for this love, we gotta fight,  
Lets have a toast a celebration get a glass out, and we  
can do this until we pass out,  
Like baby, baby, baby uh uh uh,

I didn't know how much, I love ya,  
Uhoh, uhoh, I can see it going down, going down,  
Like oh my gosh, like oh my gosh, like, baby baby, baby

Uh uh uh, there's so many ways to love ya  
Woahhhhh, you got me screaming ohhhhhhh,  
Got me like, woah oh oh oh, woah oh oh oh  
Don't stop! I wake up everyday is a daydream,  
Yeah yeah, I'm in charge now!  
Everything in my life aint what it seems,  
I'm a star and I pull my \*oooooh\* cast out,  
Too much clubbing, just to go back to sleep,  
Yeah, not enough loving, but I'm in too deep,  
Yeah, too much shopping, and I care about is sex and  
heavy base,  
Sitting there singing like, don't stop,  
I live a very wild lifestyle, everybody says that I've gotta  
get a grip  
Yeah, disturbing london baby we about to branch out,  
But I let sanity give me the slip.  
We gotta fight, yeah, we bring the stars out,  
We bring the women & the cards & the cars out,  
What I want, want want, is what you want, want want  
There's nothing crazy bout me!  
Got me like, baby baby baby, uh uh uh uh  
Don't stop, uh you got me screaming moreeee,  
Got me like, oh oh oh oh,  
Yeah, oh oh oh oh!

Don't stop, all night all night, all night, all night, all  
night, all night,

I'm a little bit lost without you,  
And I was like, baby baby baby,  
Uh uh uh, I didn't know how much I love ya!  
Like baby baby baby NOO!  
Like oh my gosh, NOO!  
Like oh my gosh NOO!  
Like baby baby baby, uh uh OHHHH
