Easily breathing
Heartbeat in tune
Daydreamers sleeping
Under the moon
Now it feels so free like we could fly
Endlessly across the liquid sky

No one will see us
We're in disguise
No one believed us
Open your eyes
See the rivers rise where ground is dry
Mountains mirror in the liquid sky

Am I dreaming?
Are you dreaming?
Then we're dreaming synchronized
Am I dreaming?
Are you dreaming?
Then we're dreaming synchronized
Across the liquid sky

Moving in circles
Worlds of our own
What's real and virtual?
Don't need to know
In a space of billions lost in time
One good soul connected to my mind

Now dawn is falling
Roses in bloom
Morpheus is calling, closing the moon
All the opposites stop to collide
Once reflected in the liquid sky

Am I dreaming?
Are you dreaming?
Then we're dreaming synchronized
Am I dreaming?
Are you dreaming?
Then we're dreaming synchronized

Across the liquid sky
