Visit "[Loneliness](#)" on MotoLyrics.com

I wish I could fly away from this pain
That I could be someone I am not
So that I would not have to fight in vain
And cry because Iâ€™m a nut

I had more than I could have asked for
But I was stupid and lost it all
Now I see clearer than I ever did before
I have nothing to hold me if I fall

I regret all Iâ€™ve said, but I know itâ€™s too late
Now Iâ€™ll be on my own for so long
Because to be sad and crying is my faith
And I admit Iâ€™ve been wrong

I donâ€™t know why Iâ€™m still here
Now that Iâ€™ve lost her forever
I just canâ€™t hold my very last tear
Since I know that never again weâ€™ll be together
So I watch her disappearâ€¦and I suffer
