Wherever you are

When i feel blue
I think of you
Cause you're true
Wherever you are

We will fall
You still are
My Shining Star

Some Times its bad
Please get bed
And i said
Wherever you are

There is light
By my side
I feel alright

Because our love is real
Real than the two of us
And words cannot describe
How i miss you so much

Lal

You make me high
I can fly
Touch the sky
Wherever you are

I feel free
In Ecstasy
Jux you and me

You save my day
Lead the way
Can you stay
wherever you are

Hear my heart

From the start
We'll never part

Because our love is real
Real than the two of us
And words cannot describe
How i miss you so much

I belong in your arms
Cause i feel loved when i'm with you
I belong in your arms
Wherever you may be

When i feel blue
I think of you
Cause you're true
Wherever you are

We will fall
You still are
My Shining Star

Some Times its bad
Please get bad
And i said
Wherever you are

Lalala
