Baby, you can walk on water (water, water, water,  
water, water, water)

Tell me, what you need to know  
About the destiny, before  
Before it fades away  
Maybe I could, try to understand  
What you feel inside, I know  
You'll make it through someday

(Chorus)  
Baby you can walk on water  
Baby you can fly like a bird  
You can walk through fire, without even getting hurt  
Baby you can breathe once again  
You can reach the highest mountain  
You can do what you want  
It's up to you

Sometimes, when I think of you  
I feel the magic to, it all  
It's all a matter of faith  
You see, I know  
What is wrong inside  
You have to give it time, and then  
You'll make it through someday

Baby you can walk on water  
Baby you can fly like a bird  
You can walk through fire, without even getting hurt  
Baby you can breathe once again  
You can reach the highest mountain  
You can do what you want  
It's up to you

Baby you can walk on water  
Baby you can fly like a bird  
You can walk through fire, without even getting hurt  
Baby you can breathe once again  
You can reach the highest mountain  
You can do what you want

It's up to you

Baby you can walk on water
