Want to be with me,
Want to be with me
(Wanna be with me)

Vers 1.

Night falls, everybody change their attitude
and they start to run, they wanna be the first
in line again.

oo-oh

I go, stepping on a cast to fortune
I don't know if I win, Saturday is bringing the
magic in

Wanna be with me
Let me show you, that I love you. Oh-yeah
Wanna be with me

You'll be stronger, I will hold you
If you wanna be with me
(Wanna be with me)

Vers 2.

Turned here, listen to a voice that I don't know
Then we start to dance, feel his body movin
closer now.

Oh-yeah
And I feel, take a step around I feel so good.
I don't know if I win, Saturday is bringing the
magic in.

Wanna be with me
Let me show you, that I love you. Oh-yeah

Wanna be with me

You'll be stronger, I will hold you
If you wanna be with me
Want to be with me

Want to be with me
One is for the music
Two is for the moves you're making
Three is for emotions
Do you, do you love me?

Wanna be with me
Let me show you, that I love you. Oh-yeah
Wanna be with me
You'll be stronger, I will hold you
If you wanna be with me

Let me show you, that I love you. Oh-yeah
Wanna be with me
You'll be stronger, I will hold you

If you wanna be with me
If you wanna be with me
