I just wanna glow but I need your moon  
I don't wanna greave it's much to soon  
I wanna go back in your car  
To what we had and what you are

You can sleepwalk your way through the fire  
But you'll always get burned  
If you only I'll take you higher  
You only be hurt

Don't you wanna feel  
Like a hurricane blew up your airplane  
Don't you wanna be  
Flying in the sky  
Cure for your fear of heights

You don't have to turn away  
You don't have to turn away  
You don't have to turn away  
From me

Don't you wanna fly?

I just wanna glow but I need your moon  
I don't wanna greave it's much to soon  
I wanna go back in your car  
To what we had and what you are

You can sleepwalk your way through the fire  
But you'll always get burned  
If you only I'll take you higher  
You only be hurt

Don't you wanna feel  
Like a hurricane blew up your airplane  
Don't you wanna be  
Flying in the sky  
Cure for your fear of heights

You don't have to turn away  
You don't have to turn away

You don't have to turn away  
From me

Don't you wanna fly?
