I have come all this way  
Time to make a turn  
Will I make it right?  
I'll live and I'll learn

I'm playing my own song now  
I will survive a change of key  
Because I follow this guideline  
Hiding inside of me

Found an answer in my heart that I will follow  
It might keep sanity at bay  
But I'll be hollow not to give a part of me  
I get so much from you  
Could this really be a wrong when it feels right to do

Feels like my past  
Is a page I turn  
In a book of fate  
I've lived and I've learned

I'm playing my own game now  
I'm making rules I won't pretend  
When intuition conquers you  
You will win in the end

Found an answer in my heart that I will follow  
It might keep sanity at bay  
But I'll be hollow not to give a part of me  
I get so much from you  
Could this really be a wrong when it feels right to do

Easy drifting away on believing  
Never give up on a feeling  
Found an answer in my heart  
Found an answer in my heart

Found an answer in my heart that I will follow  
It might keep sanity at bay  
But I'll be hollow not to give a part of me  
I get so much from you  
Could this really be a wrong when it feels right to do
