The foundation of love, is tenderness  
The foundation of love, is sincerity  
The foundation of love, is tenderness  
The foundation of love

Beautiful bright eyed girl  
Darling let me hold you close  
Shine just like the eastern star  
Wanna be near to where you are, baby  
Beautiful bright eyed girl  
Hear me sing my song to you, baby yeah  
Shine just like the eastern star  
I got so much love-  
I wanna give it [give] give it [give] give it to you  
I wanna give it [give] give it [give] give it to you  
I wanna give it [give] give it [give] give it to you  
I wanna give it [give] give it to you  
So freely  
So freely, baby

The foundation of love, is tenderness  
The foundation of love, is sincerity

How will you build this house, she asked  
And I said, carefully  
Intention is all of life  
Like clarity is all of sight  
Intention is all of life  
It ain't pure then it can't be right  
Where is your heart, she asked  
I told her, open your hands  
Open your hands, open your hands

Beautiful bright eyed girl  
Darling let me hold you close  
Shine just like the eastern star  
Wanna be near to where you are, baby

Beautiful bright eyed girl  
Hear me sing my song to you, oooo  
Shine just like the eastern star  
I got so much love-  
I wanna give it, give it [give] give it to you  
I wanna give it [give] give it [give] give it to you  
I wanna give it [give] give it [give] give it to you  
I wanna give it [give] give it to you  
So freely, love you so completely, baby  
So freely, love you so completely, baby yeah  
Hear me

The foundation of love, is tenderness  
The foundation of love, is sincerity

Wanna build my house on solid ground  
To make it strong so that you'll stay around  
I wanna build my house on solid ground  
To make it strong so that you'll stay [stay around]  
That you'll stay, that you'll stay

Beautiful bright eyed girl  
Let me hold you close to me, baby yeah  
Shine like eastern star  
Wanna be near to where you are, baby  
Beautiful bright eyed girl  
Hear me sing my song to you, baby yeah  
Shine just like the eastern star  
I got so much love-  
I wanna give it, give it, give it to you  
I wanna give it [give] give it, give it to you  
I wanna give it [give] give it [give] give it to you  
I wanna give it [give] give it [give] give it to you  
I wanna give it, give it [give] give it to you  
I wanna give it, give it, give it to you  
I wanna give it, give it, give it to you  
I wanna give it, give it to you
