#### CHORUS

Music is bringing me good, good feeling  
you're love is bringing the blessings of angels.  
(Repeat)

Good feelings are what we have  
now that we're together we can forget the past  
I'm letting my voice again  
there's a song inside my mind  
as we dance into the night  
Nobody with me and my lust  
Could believing be your passion  
that I never thought would come  
For ever and ever more  
I will cherish the love  
I've been so long waiting for.

#### CHORUS

Your love opens every door  
It's the life that you desire  
that will set your dreams on fire  
your loving and faithfull few  
who will never let you down  
who will always be around  
You're taking my breath away (taking my breath away)  
and I will always be your landmine  
and your fading lasts my way  
my heart beats to ecstasy  
grinds any diamond  
and deepest any sea.

#### CHORUS

I've got the feeling in my heart  
I will not stop I have to stop  
I have to move my way to you  
I've got the feeling  
(repeats 6 times)
