Daddy, daddy  
What son?  
Take me to a puppet show  
Okay  
YAY! Thank-you daddy

Ladies and gentlemen, Welcome to the world famous  
Finger Puppet Show (Laugh)

Finger Puppets, feature presentation  
Animation, demonstration, of female masturbation  
God's creation to fingers in a beehole, under the  
peehole  
Make a bitch lose control, whoa

Lemme tell ya 'bout the birds and the bees  
Slip the puppets in and show ya how to please  
Three puppets in, bet it feels nice  
Stick one more in, hell, don't even think twice

Sniff, take a whiff, of the clit Does it smell like shit?  
Then don't touch it, fuckin' idiot  
Bring clippaz if the pubic patch is rough  
Finger Puppets say, shave dat muff

Stick'em in and out like there's no time to waste  
And if you're a freak pull'em out and give'm a taste  
Move'm around and give'm a good stuffin'  
Move your bread mix around in her English Muffin

Vibration, circular rotation  
You and your penis, man the battlestations  
Lick and flick and stick, it's slick quick  
Take a dip, punany, sunk my battleship

Oh we gotta first timer, she feel a lil' pain  
On the sheets underneath is a little blood stain  
Rub ya box, and then move to ya asshole

Shove it in your mouth, it's called a swiss cake roll

Now alright, if the hole feels tight

Check yaself 'cause it might be her butthole  
Oh no, my Finger Puppet got dirty  
Lil' brown eye and a stankin' lil' turdy

If ya Finger Puppets begin to stink like fish  
I got two words for ya bitch, douche it  
Ya got four Finger Puppets on each of ya hands  
Hey faggot Finger Puppets don't belong in a man

Finger Puppet Joe, let's go for a swim  
It's nice and warm so go and jump right in  
Diving board to a whore, look at that splash  
Fuck a life jacket just drown in dat ass

Ya got some whip cream, pop ya cherry on top  
Ya got the juices flowin', that's it, don't stop  
Ya gettin' real wet I got special Puppet up my sleeve  
Deep Sea Adventures with Finger Puppet Scuba Steve

Admit you love it, Finger Puppet  
Finger fuck it, pussh and shove it  
I guess that's all for my section of the show  
Just remember boys and dykes finger fuck that hoe

So ya say your beehole is now a big hole  
Now mo-fo you graduated to a dildo  
Five Puppets in ya asshole, a great peep show  
Masterin' the Puppets leads to a camel toe
