At night when I close my eyes there's a vision of you
inside my head
I'm glad I don't have to think twice about the times
you say you love me
I got you in my life there's a part of you in everything I
do
I think about you all the time I was born to love you

When your next to me I feel like I'm heaven I'm in
ecstasy 24/7
You're my destiny were meant to be together
Your love gets to me I want you here forever
When your next to me I feel like I'm heaven I'm in
ecstasy 24/7
You're my destiny were meant to be together
Your love gets to me I want you forever

When I open my eyes there's a picture of you beside
my bed
When I turn to the side you are right here with me
Let's make an open road destination unknown
You don't have to be on your own, you don't have to
be alone ill be with you

When your next to me I feel like I'm heaven I'm in
ecstasy 24/7
You're my destiny were meant to be together
Your love gets to me I want you here forever
When your next to me I feel like I'm heaven I'm in
ecstasy 24/7
You're my destiny were meant to be together
Your love gets to me I want you forever

I want you forever...

When your next to me I feel like I'm heaven I'm in
ecstasy 24/7
You're my destiny were meant to be together
Your love gets to me I want you here forever
When your next to me I feel like I'm heaven I'm in
ecstasy 24/7
You're my destiny were meant to be together

Your love gets to me I want you forever
