I'll never forget you,
My friend.

You keep on guiding me,
Even though you're gone.
I try to keep smiling,
On and on.

Even though you are out of sight,
You'll never be out of minds.
And through my darkest days,
Know that you always shine...

My guiding light,
My guiding light,
My guiding light.

Even though you are out of sight,
You'll never be out of minds.
And through my darkest days,
Know that you always shine...

My guiding light,
My guiding light,
My guiding light,
My guiding light.

I know you're so far from here but,
I still feel you near.
Always beside me,
My friend.

You keep on showing me,
Every right from wrong.
You gave me the strength,
To carry on and on.

Even though you are out of sight,
You'll never be out of minds.
And through my darkest days,
Know that you always shine...

My guiding light,
My guiding light,
My guiding light.

Even though you are out of sight,
You'll never be out of minds.
And through my darkest days,
Know that you always shine...

My guiding light,
My guiding light,
My guiding light,
My guiding light.
