Like a shooting star  
Across a midnight sky  
Wherever you are  
You're gonna see me fly  
Like a shooting star  
Across a midnight sky  
Wherever you are  
You're gonna see me fly

So high

Like a shooting star  
Across a midnight sky  
Wherever you are  
You're gonna see me fly  
Like a shooting star  
Across a midnight sky  
Wherever you are  
You're gonna see me fly

Across the midnight sky

Where were you to hold my hand  
Do the things we had planned  
Yes I need you by my side  
When things go crazy

I just need to know you care  
Guarantee that you'll be there  
When I wake up in the night  
Will you be my guiding light

I don't care how far  
I'll take a plane tonight  
Just tell me where you are  
And everything's gonna be alright

Like a shooting star  
Across the midnight sky  
Gonna fly  
Just to be with you tonight  
Like a shooting star

Across the midnight sky  
Gonna fly  
Just to be with you tonight

Like a shooting star  
Across a midnight sky  
Wherever you are  
You're gonna see me fly  
Like a shooting star  
Across a midnight sky  
Wherever you are  
You're gonna see me fly

So high

Like a shooting star  
Across a midnight sky  
Wherever you are  
You're gonna see me fly  
Like a shooting star  
Across a midnight sky  
Wherever you are  
You're gonna see me fly

Across the midnight sky

Like a shooting star  
Across a midnight sky  
Wherever you are  
You're gonna see me fly  
Like a shooting star  
Across a midnight sky  
Wherever you are  
You're gonna see me fly

So high
