Are you ready!?

Ten, ten  
Nine, nine  
Eight, eight  
Seven, seven  
Six, six  
Five, five  
Four, three  
Two, one

Takes over your mind  
Cause I'm a raver not a fucking drug-addict

Welcome to...

ARE YOU READY!?

Open your eyes, take a look inside  
Open your eyes, take a look inside  
(Repeated)

The underworld, that is where I stand

Are you ready!?

ARE YOU READY!?

The underworld, that is where I stand  
Where do you stand?  
Oh hell, oh hell

Let me ask you something  
The roots of evil  
Enjoy this trip!  
Oh, oh, yeah!

You know I'm rushing  
You know I'm rushing  
You know I'm rushing  
Ooooooh hell, hey-yeah

Open your eyes, take a look inside  
Open your eyes, take a look inside  
Open your eyes, take a look inside  
Open your eyes, take a look inside  
Open your eyes

Are you ready!?

You know I'm rushing  
You know I'm rushing  
You know I'm rushing  
Ooooooh hell, hey-yeah  
X2

There is no playing hot, retard (?)  
There is no playing hot, retard (?)  
Is there (?)  
Are you ready, ARE YOU READY?!  
X2
