Something for your mind, your body and your soul Something for your mind, your body and your soul Something for your mind, your body and your soul

It's the power to arouse curiosity
The purpose
The goal which one axes on
A journey of force, hot like the sun and wet like the rain
With medican movements in unicin with others for long
and acts of sensation with no limits or boundaries
Eternity is past
Wrong is right
It's the point of greatest intensity
Pleasures of the highest sense
Feelings of warmth and security
Willing and unbullying sensations of the mind

Reaching into my brain
Reaching... reaching... reaching...
Reaching into my brain
