Max and relax and listen to wherever you're at the story
of how we came up with this hit tune
We worked for month's days hours and seconds
But we simply couldn't seem to finish the record
We needed more tracks so we hooked up symp t
But everything we tried kept coming up empty
We played the track back over and over
So Jeff said forget it man lets call Grover
I explained the trouble to my man GW
Said I'd be glad to help be there in a double to
Switch the mix and fix up the pitch
He looked at is horn and his hands started itchin
His lips got locked his horn got hot
There it is a serous biz jazz and hip hop
A lesson could be learned from this musical fusion

That if you can blend then in life your losing
Black white red yellow not for sections
Not for colours all one spectrum
This is for your ear to hear and teach and smooth
Grover Washington completed the puzzle to our groove
Jazzy's groove
