Out loungin  
Getting ya cool on

So I'm saying you be checkin these mommies out  
Use to walk up say a little somethin take everythin a  
brother got just to speak  
You know she aint even gonna holla at you you know  
what I mean  
If a brother say sumthin baby id look back  
You know ain't know thing

Friday night on the strip I seen you walking  
With your girlfriends and talking  
I was across the street  
Loungin and lost in the beat  
Peeped you insatiable urged to holla  
Out of my car insatiable urge to folla  
On my mark heart steady ready to go  
One shot at her first impressions steady my flow  
What I'm a say sumthin charmin sumthin smooth and  
disarming  
See what we got in common hopin your mind is open to  
approachin  
With my dogs coaching me through closer to you  
Closer I get my focus on you  
Excuse me miss that sundress is divine  
Yo that aint just a line  
But she didn't respond (word)  
Thought she didn't hear me so I said it again  
But then she whispered shared a little laugh with her  
friend  
I can understand if you aint feelin a cat  
But blatant hatin on a brotha  
What the deal with that girl

If I holla at you (then holla back)  
If I say sumthin to you (then holla back)  
If im comin at you (then holla back)  
What the deal with it what the deal with it (la da da la  
da da)  
X 2

Seen you strutin with the badest bod I seen in a while  
Ya elegant ma your whole face just gleam when you  
smile  
Straight adoring your aura line (feel you and I)  
Thinking of a line (that will reel you in ma)  
Say sumthin cute to the group (where we going yall)  
Then the cold hand of silence slapped my ego and all  
I spoke nice baby but your response was ill  
You aint all that..yes you are but still  
Aight true life aint like im huntin  
I say hi you say nuthin  
Why you frontin  
On my word I aint deserved to get done like that  
I aint do no (nuu nuu or pss psss) or nuthin like that  
Came straight like a gentleman raised by my mum  
What you think everybody should get played cause you  
fine  
???  
naa I just wanted to rap  
if a brotha holla holla back

If I holla at you (then holla back)  
If I say sumthin to you (then holla back)  
If im comin at you (then holla back)  
What the deal with it what the deal with it (la da da la  
da da)  
X 2

I just wanna get to know you  
By you a soda  
I don't know walk talk whatever  
You can shine by me  
Just a rock session  
No parental discretion  
Swing in your direction  
Cause you my king mommy  
I ain't no dog  
Yo what's with the fence  
Look in my eyes  
What you see a frog or a prince  
Mrs freeze  
Nice as it get  
Yeah icin the set  
You don't want no scrub  
I don't want no scrubette girl  
You don't know me I don't know you  
You don't know the future  
Ain't got no crystal ball to look through  
You cant tell what its gonna be  
At least not yet  
What I gotta get dissed cause of how the last guy

stepped  
I could be your cell mate (a true dat a true dat)  
I could be your best friend (true dat true dat)  
I could be your life dream (true dat true dat)  
You gonna miss risking that? Better holla at me

If I holla at you (then holla back)  
If I say sumthin to you (then holla back)  
If im comin at you (then holla back)  
What the deal with it what the deal with it (la da da la  
da da)
