(I Cant wait to be with you)  
I Cant wait to see you  
I Cant wait to be with you  
Loving you is all I wanna do

10 o clock your flight lands  
Can't wait to hold the palm of your hands  
Been seven long days since the last that I saw you  
And every free moment I get I gotta call you  
Taking every chance to glance at your cute face  
And looking at your 8 by 10 in my suitcase  
Ain't been with my honey in a long while  
And when I get a hold of you mmm child (ooh yeah)  
No telling what I might do  
Cause I'm a be like a kid that got a toy that's brand new  
Cant wait to hold you can't wait to see you  
Can't wait to g you I cant wait to be with you

Cant wait can't wait  
I Cant wait to be with you  
Cant wait can't wait  
I Cant wait to see you  
Cant wait can't wait  
I Cant wait to be with you  
Cant wait can't wait  
Loving you is all I wanna do

Being in love is like an amusement ride g  
I feel like it's a party inside of me  
Smile on my face and there's a twinkle in my eye  
Time to go to work but it's so hard to say goodbye  
And as I think of you its like I had a dream or two  
I feel dizzy man where is she  
Pick up the phone and call you about 3  
(Hello)  
Yeah baby its me  
Just to hear your voice  
Just the thought of you  
Got me tripping that's why I just bought a new  
Cellular phone so I don't have to postpone  
When my beeper goes off no more running to a  
payphone

You're astounding that's why I'm expounding  
So vivacious and baby your face is  
That of a goddess  
It's making me feel numb  
Fe fi fo fum baby come and get some  
of the man the myth somethin debonair  
for that wife there as a pair we extraordinary  
me and you as a team it's kind of swell in it  
love is a hole and I tripped and I fell in it  
from the mountain to the valley to the deep blue sea  
all I can do is pray that you wanna be with me  
I'm saying it's from my heart that's how you know that  
it's true  
yo I can't wait to be with you  
cant wait can't wait  
I Cant wait to be with you  
cant wait can't wait  
I Cant wait to see you (I cant wait to see you baby)  
cant wait can't wait  
I Cant wait to be with you  
cant wait can't wait  
loving you is all I wanna do

alright check this out  
break

(yeah)  
(oh yeah)  
(oh wee)

presto change I wish I was a musician  
snap my fingers and tap my heels and then  
abra cadabra right their beside you  
but its seeming and dreaming that's all I could do  
I'm at an airport and hour till flight time  
Can't wait to have you to wreck up my site line  
Got a warm feeling in my chest  
Thinking of your soft caress  
I miss you so much  
It ain't enough to just reach out and touch  
I want a hold your hand in my hand  
And walk and talk barefoot in the sand  
I can't wait to just see your smile  
And I can't wait to be alone for a while  
And I can't wait to do the things we do  
Oh I cant wait I cant wait oh I cant wait to be with you  
cant wait can't wait  
I Cant wait to be with you (I Can't wait to be with you)  
cant wait can't wait  
I Cant wait to see you (just to see you)  
cant wait can't wait

I Cant wait to be with you(baby just hold you)  
Loving you is all I wanna do  
cant wait can't wait  
I Cant wait to be with you (cant wait)  
cant wait can't wait  
I Cant wait to see you  
cant wait can't wait  
loving you is all I wanna do
