Pup pup pup pup but no more thanks to me

You got something you can flip on the other tip.

As you get lost in the smooth rhymes I rip

Years and years my peers misunderstood, that I make
cuts from my guts to make you feel good

And if you get it this is for you so,

You can feel the same way too

Put your hands in the air come on now

Put your hands in the air come on yeah

Feel the vibe that the jazz and the prince ride

The upperground sound that pound and knock you
outta ye hide

All on the Boat
Yeh, we goin' on the boat
I surely hope that we stay afloat
Because if I drown I might die
No more burgers and no more fries yeh.
