Grab the M-I-C and spit something nice  
Drop a gold jewel for brothers that be wanting ice  
And for the ladies in the drink you know im glad you came  
Please excuse me if I know you but forgot your name  
I got a bad memory but you remember me  
You ain't the first to say we had intimacy  
But anyway good to see you again  
Party's starting 9:30 hope to see you at 10  
Can't talk to you now cause I see you with him  
But I'm a slide to the side and I'm a leave you a pin  
You know what to do just fight your number  
And we can hook up and have a private slumber  
I love the way the body just move the sound  
It's Fly brother always at the musik lounge yeah

Sit back relax and enjoy the sounds  
Stand up and get live and just move around  
You are now in tune to the musik lounge  
And the host is the brother with the groovin sound  
Sit back relax and enjoy the sounds  
Stand up and get live and just move around  
You are now in tune to the musik lounge  
And the host is the brother with the groovin sound

Can I get a mic check three four  
Crowd jumping up and down like a see saw  
Place to be is where I'm at and y'all hear two  
Somebody said all the broads is near you  
Cause I'm a magnet for beats that are classic  
Shortys with bodies that are fantastic  
The music's like a aphrodisiac  
But other brothers on the mic you can see me at  
It ain't a thing better than a good soul clap  
Whoever got the microphone let me hold that  
And I'm a show that I feel the rhythm in vibes  
Those that drive by park the cars and come inside

Cause I'm attractive but not in a vain sense  
Sorta like here tonight I'm the main event  
So if you like what you hear embrace the jam  
Everybody in the spot just wave your hands

Sit back relax and enjoy the sounds  
Stand up and get live and just move around  
You are now in tune to the musik lounge  
And the host is the brother with the groovin sound
