Intro Yo yo yo yo Yo yo yo yo (Ring my bell, ring my bell)  
Yo yo yo yo Yo yo yo yo (Ring my bell, ring my bell)

Verse 1:

I'm just a telephone call away  
You can pick it up and call me any day  
And Ima listen to all you got to say  
Cause I'm the type of man that never turn a woman  
away  
Think of this as an invitation  
Your heart to mine in a conversation  
So when things get to much to bare like The Jackson 5  
"I'll be there"  
Just call me up on the telephone  
Call me up when you're all alone  
And I'll give you a verbal massage  
Until your man gets home  
Or if you want to you know what you could do, well  
You could always hop in your car and you could come  
and ring my bell

Chorus

Ring my bell, ring my bell (Ring my bell, ring my bell)  
Ring my bell, ring my bell (Ring my bell) RI-I-ING!!!

Verse 2:

I hate to see you cry, tear after tear while this guy  
Plays you like your life is a game  
I've seen his type and there all the same  
Breaking your heart without a care  
Girl if I was in you shoes he'd be outta there  
Your man is wak good for nothin' but flack  
I'd tell him to pack and hit the road Jack  
Who loves ya baby I do you know he doesn't care about  
you let him go  
Where he at now? You don't know Layin' up under some  
hold up wait just let me chill  
no need for me to get ill  
Cause yo I'm the best but yo time will tell

But I'll be here so ring my bell

Chorus

Verse 3:

Now I know this sounds like a fairy tale  
But this ain't no children's book  
I'm here, for you to take me dear  
Just open your eyes and look at  
What the future holds for you and if you lunch then you  
might ruin  
Something great don't make a big mistake pay  
attention to what you're doing  
Life is full of pitfalls, ups and downs  
It's sort of a mission now you're on a rocky road  
But you could get up just make that decision  
That you want someone to love you adore you and hold  
you and treat you well  
So when you're ready to be treated that way baby you  
can ring my bell

Chorus

(Repeat till fade
