I got alotta stress I wanna shake it off
Shake your ??
I wanna shake it off
When I get stressed I need to shake it off
I wanna couple of girls so I can
Shake it off
Go to the strip club and let em shake it off
Get some chicken and get it shakin it off

Party people grab your chains
We bout to move to it
Shackles on your feet got you frontin to it
Loosen up do your thing aint no ruse to it
Just do it
Needle in the groove to it
Nothin to prove to it
Stress to lose to it
You know how we do represent touch of jazz
Put your back field in motion shake your ass
All out full speed like a 100 yard dash
Blow some steam off
Get your scream off
Turn your depress and your stress and your mean off
Dry humpin get your thing off
Don't just stand their lookin it makes you seem lost
Turn the machine off report to the cockpit
Its about to countdown we bout to blast off like a rocket
Sure shot 8 ball corner pocket
Woppin poppin lockin but don't stop it

Monkey on your back - shake it off
Stress and problems in life - shake em off
Beef with husband and wife - shake it off
Bad karma - shake it off, shake shake shake it off
Bills and debts - shake em off
Somebody piss you off - shake it off
If your clothes too tight - shake em off
If only thug tonight - shake, shake, shake it off

The momentom cant be stopped once the surenuffs
drop its gonna

Make the crowd move like we bust a shot
Like we in the water and we yell shark
Jumpin like your barefoot and the dance floor hot
We don't want props
We want physical activity
No pretend to be
Dumb dance
No penalty
No anal retentive tendencies
Like half dead in penitentiary
Fuckin Up chemistry
Peace or simile
Be knockin like five o
Got my engine revved up like im on a cycle
And grab my nuts like michael
Chef word trigger man yep I got the nitro
Come on rock the tyco get your ticket all aboard
All party people get that ass on the floor
Wanna hear you scream like ya team just scored
Or like your getting beat with an extension chord

Monkey on your back - shake it off
Stress and problems in life - shake em off
Beef with husband and wife - shake it off
Bad karma - shake it off, shake shake shake it off
Bills and debts - shake em off
Somebody piss you off - shake it off
If your clothes too tight - shake em off
If only thug tonight - shake, shake, shake it off

Lets get it crackin like chapped lips
All the ladies say aaaaoww
Like you bumpin in the cactus
Act like you know cause you a actress
Back that thing up like you know what the attraction is
Go on be freaky with it
Make me wanna get it
Make em wanna hit it
Ah you done did it
Now you gonna get it get you home alone wit it
Know that you like your mean with the bone in it
Fellas get roamy roam with it
Break it down hooker
Drop it like its hot bounce it off the ground jump up
Cross your legs come down spin around
Slide to the left and the right like james brown
Oh we cookin now chef word in the kitchen now
Time to dance so quit bitchin now
Girls dancin with girls switch hittin ah
East coast west coast mid west dirty south

Monkey on your back - shake it off
Stress and problems in life - shake em off
Beef with husband and wife - shake it off
Bad karma - shake it off, shake shake shake it off
Bills and debts - shake em off
Somebody piss you off - shake it off
If your clothes too tight - shake em off
If only thug tonight - shake, shake, shake it off
Monkey on your back - shake it off
Stress and problems in life - shake em off
Beef with husband and wife - shake it off
Bad karma - shake it off, shake shake shake it off
Bills and debts - shake em off
Somebody piss you off - shake it off
If your clothes too tight - shake em off
