Music in philly baby  
Music in philly baby  
Music in philly baby

I heard it said somebody had told me way back when  
That when we dream its always in black and white  
Well that's something I cant really attest too  
You know because I dream in technicolour  
I dream that dr julius irving walked right to the YMCA  
On 52nd and chestnut street  
He had on a top ten on one foot and a jack prosell on  
the other  
So he said he wanted to go  
I wanted to head down to kung fu theatre  
At the golden you know or something like that  
Said the ?? jill scott and patti labelle  
Ooh we're playing at the spectrum  
He was like I don't know it was weird he had a  
basketball for a mouth  
And when he spoke it was like I don't know arrhythmic  
dribble or something  
It was cool you had to be there  
So all of a sudden we're at bartrem high  
And their playing grabs and hank gathers are there  
And bo kimble  
And pooh richardson  
Remember him  
Well I do  
And lionel simmonds and randy wood it was like a  
oasis of athletes  
And bob overton and you know dawn stayley  
Remember remember  
How she ripped it at tavis had him wide open  
The whole city would come and see  
And I was their with dr julius irving right  
So I went over and maurice cheeks and alan iverson  
are rapping  
Really rapping  
And like bobby dance and lady b was having a party  
Somebody told me and cosmic kev  
And harry p butterball the tough crew

Steady b kool c and schooly d we're gonna be their  
And grandmaster melle was the dj  
Robbie v was the emcee  
Scanner boys poppin n lockin you know how they do  
that thing  
When they do that uh uh uh  
Mr softy  
Cheese steak hoggy  
Tasty cake  
???  
gotta get my mind of food  
gotta dream a little dream you know what I mean  
mustard pretzel  
Herbs barbeque  
?? very very black  
Cherry soda  
Gotta dream a little dream get my mind off a food  
So I digress  
Anyway  
Frankie beverley is on the radio  
Singing like sunshine and rain yeah you know the one  
On the boom box  
In my neighbours kitchen I get up on I get up on the  
counter and im wearing my flip flops  
And pink rollers in my hair  
And Ms jackies talking about going down belmont  
plateua  
West river drive  
And ?? hunting park  
61st street and then all of a sudden  
Joe frasier jumps out the closet  
And kicks rockys ass  
And all them laugh  
Hahaha  
We live in philly baby  
We live in philly baby  
We live in philly baby  
We live in philly baby  
We live in philly baby  
Ain't the mind funny
