When I kick it, I kick it ass as to beat with my enemy
you have thought it was..on point like a widow P
got that leverly give them dearies that do what it do,
payin a picture like duderline, you ain't shit but do do,
in the city where see me get pointed that damn it you
you can hide, you get it if you want to,
I do karate moves but the crush and tigers just might
get broken down by a writer,
yeah the passenger happed out,
but you got shot by the driver
there's a killer like everywhere
so why would you take it there,
neighborhood terrorist got the terror when this people
scared
that's why my intelligence tell me to keep a band of
tell em f*ck you I'll tell you f*ck you back with my index
finger
I can flip on some killershit but I'd rather keep cool
keep it so remind it try not to be a p**sy like you
nigga that kale cold attack, kelly on my back to my toy
so break nigga
this is where set does game.
Gangsta, gangsta, gangsta x 5
I talk ..I'm so religious I blow your weaked,
make em close as stigiuous, hells kitchen I'm blowing
dishes
this is spoken wisdom as I journey a poe and mission
I'ma lift it, my flow is gift it
she cold with a boe and rippin the role of riches,
low the bisquits let's go to distance
I'm blow and listen my car how why you with a broken
mission
they so suspicious, low and vicious with no convictions
juries making their own decisions they want us to go to
prison
call adrenaline I got this soul like a poe living
and..like I'm co-existent to prohibition
I'm a dressin critics who say these widows the best as
spit it
disrespect the spirit, other artist who rap with lyrics

mother of statistics they rap with metaphysics
and they yeah simplistic, they stay out as repetition
show some recognition hold your ..my pessimistic
best that ever did it, ..is the definition.
