(Hook)

If I stand next to ice then I'm camouflage
If I stand next to lights then I'm camouflage
My future so bright that all I see is stars
My shades on in the club I don't see you broads
I don't see you broads, I don't see you broads
I don't see you broads, I don't see you broads
Future so bright that all I see is stars
My shades on in the club I don't see you broads

(Verse :2 Chainz)

I'm criminal minded, winter cold climate
Cold, fucking up your sinus
Bitches might choke I'm giving them the Heimlich
I'm a pimp in my own fucking rhyme and you my side

Oh, 2 chains, 2 pinky rings
I like to play with Lucille, B.B. King
You don't fuck with us , we don't really fuck with y'all
Stuntin' boss and yacht we in the ocean playing bumper
cars
Pocket filled with money bitch and my crew eating
Got a nigga shining like a brand new nigga
Plated pistol this my last shot
Just give up a dealership and I cash that

Trapping them dame getting money like the birdman

A hundred million or get your dope flush
A new bentley you get a whole rush
Big money shit we poppin' 'cause we came up
And hell of choppers, are the new thing
Big yatch, brand new wing
