[Jay- Z]

I'm a bad M-a-r-c-y P-r-o-j-e-c-t

Ain't no other mother ***** in the rap game harder
than me

I go hard and get it in like a porn star
Follow my moves you wanna make it to the top im on
star

For new born stars

Even when the camera stop

Ima hundred million dollar movie handle my cock

Big homie from the back block

When you first learn how to slap box

Then you even learn how to chill with the pill

Or handle the pot bring it back rock

Number one rule if you *** get popped

Don't cheddar box to the matlocks

Death before dishonor I'ma honor the code they
created

Number 2 ruined it and it might sound rude but yep
**** you paid me

I drown my pain in porsches

I lost my partner to the bullshit

Still tryna hold on to my religion so

I put a couple diamonds in the crosses

Close your eyes see the darkness

That's what it's like where I'm from

No lawyers no doctors

So either I go the hardest

Or I could just call this a night

on dark nights its like I see better

on Dark Knights I'm like Heath Ledger

Even if I overdose on drugs

Motherfuckers can't kill my buzz

Wait I ain't done

Ima freestyle this Khaled let it run

What's the hardest county in the Yayo

Cause ima go harder then they go

I'ma go harder than Baltimore

Philly gone say they can't touch the boy

Where you at Duval?

Ima go harder than you all

Harder than New York
Turn the pro tunes in the booth off
Ima go harder than Ye go
And Ye go hard
That's baby bro
Put some more beat on that joint
[Chorus]
If you could you would get rid of me
what you gonna do when a nigga got to go hard
but i wont let you get to me
you should already figure imma go hard
if you were as real as me
you would never let another nigga step in yo yard
[Go Hard (Remix) Ft. T-Pain, Kanye West, & Jay-Z Lyrics
On]
makin money aint shit to me
this in my veins and it gets to my heart
so i am, i will , i gots to go
you got another way to live you gots to go on
i am gettin it in until the end i got to go, go, go , go
hard
[kayne]
i aint ever been scurred
never been a type to bite my words
when i came up ya'll gave me shit
now im gunna make ya'll eat them terds
always said what the f**k i felt
gon head spit that murder i wrote
man i dont care what what you felt f**k you nigga i
know im dope
dope like im comin to get my all
felt like i had to play the fly on the wall
felt like niggas was stuntin on me
funny how im flyer then them all
now im at the top aint know where to go now
instead of me she gon go down
maybe i would of slowed down if i knew what i know
now
im scooby i know im dumb
it cud get f**kin old but its good im young
but my heart get cold as the hood im from
tell me what it take to be numba one
i guess its gon be what its gon be
but heres one thing ya'll got to hear
imma tell you like george bush told me
f**k ya'll niggas im out of here

[Chorus]

If you could you would get rid of me
what you gonna do when a nigga got to go hard
but i wont let you get to me

you should already figure imma go hard
if you were as real as me
you would never let another nigga step in yo yard
makin money aint shit to me
this in my veins and it gets to my heart
so i am, i will , i gots to go
you got another way to live you gots to go on
i am gettin it in until the end i got to go, go, go , go
hard
