[Verse 1]

[Fabolous]

I said we the best at making this green
I swear Mountain Dew ain't got nothing on my team
F is for the family that's holding me down
I think niggas know who run this town
A is for the action I'm all about
Blow a nigga head off kill all the doubt
B is for the big boys with the grown money
And bad bitches who ain't got to spend they own
money
Shots of 'Tron at like four in the morn'
It ain't over till it's over, Loso I'm gone

[Mary J. Blige]

They always on but they don't play
Take my last call, don't hold your breath
Everyday make something out of nothing
Move a mountain and still keep running
Never come down, make no mistakes

[Chorus - Mary J. Blige]

They can say, aye, that my limit's on the horizon
When I wake, all I see is the sun rising
Just when you thought I said all there was to say
I get the last word, it ain't over till it's over

Just when you thought I did, all there was to do
I give my best to you
It ain't over till it's over

[Verse 2]

[Jadakiss]

I smoke weed, you sip on lean
People always saying "What the hell does that mean?"
J is for the justice I did to the game
Lot of these niggas that's on is lame
A is for the way I airs them out
Coupes by the two's I pairs them out
D's for the dope that a nigga still pumping
Twelve hour shifts got the spot still jumping
Rocking on till the block is gone

.38 is snub nose but the chopper's long

[Mary J Blige]

And everything takes time, so they say
But it's been on my side everyday
Every second gone is another way to come up
Bend the corner, crash into the jackpot
Twists and turns I can take

[Chorus]
