[Keyshia Cole]

You know, I've seen some things..  
It's important to stay strong  
Waddup DJ Khaled?  
It's your girl KC!

[Hook]

If not they, then who?  
Can carry on the weight of this world?  
If not they, then who?  
Make sure all the people know how it feels  
To be legendary!

[Chris Brown]

Baby don't cry no more  
Cause I'm here to show you the way  
I know you got some fight in you  
So don't make losing so easy

[Keyshia Cole]

Everybody's gonna fight  
And everybody's gonna fall  
But the ones that get up  
Are always the strongest  
Oh I can't imagine if I  
Never went through nothing  
I wouldn't be a fighter  
And I wouldn't last the longest

[Hook]

If not they, then who?  
Can carry on the weight of this world?  
If not they, then who?  
Make sure all the people know how it feels  
To be legendary!

[Chris Brown]

Legends are born and created  
Nothing's free, so I take it  
It takes the determination! (We goin' in)  
The nation!

[Keyshia Cole]

Everybody's gonna fight  
And everybody's gonna fall  
But the ones that get up  
Are always the strongest  
Oh I can't imagine if I  
Never went through nothing  
I wouldn't be a fighter  
And I wouldn't last the longest

[Hook]

If not they, then who?  
Can carry on the weight of this world?  
If not they, then who?  
Make sure all the people know how it feels  
To be legendary!

[Chris Brown]

I promise imma do it better than  
Anybody's ever seen.  
That I will be everything that everybody told me  
I would never be  
Got my feet on the ground, the wind at my back  
My head to the sky. (Won't stop now!)  
No, not ever  
You can see in my eyes  
I will be legendary

[Hook]

If not they, then who?  
Can carry on the weight of this world?  
If not they, then who?  
Make sure all the people know how it feels  
To be legendary!

[spoken]

I remember when they told me no!  
I looked right in their eyes and told 'em yes!  
Don't let nobody stop your dreams!  
Keep winning!  
Rise to the top!  
Keep your head up!  
Young world! The world is yours!  
We the best! YMCMB
