I would usually scream all over this intro
But I'mma let my friends tell you
We global, we global now, we made it

We done been around the world, seen a lot girls, girls
It started off local, now we global
And baby we da best, we da best
We da best, we da best

See we do it for the hood
Make it understood, we bought that paper and we
global
And baby we da best, we da best
We da best, we da best, we da best

Blast through, when I come through
All the pretty women wanna know what it do
Make moves, I break rules
And baby when I leave I want your friend to come too

We rich nigga, money make the playa haters sit
Go figure, straight go getta
And when I tell you we da best, it's no lie, we live, it's
televised
And if you feel me, put your hands in the sky
Let's make a oath that we never be broke again

We done been around the world, seen a lot girls, girls
It started off local, now we global
And baby we da best, we da best
We da best, we da best

See we do it for the hood
Make it understood, we bought that paper and we
global
And baby we da best, we da best
We da best, we da best, we da best

I'm second to none, they're descending upon
Tattoo on my arm, Tony Montana the one
We da best, yes we nigga, just got that new yacht to
get em sea sicka

Yeah yeah, i love the way she do it
Mask on her face, first she chop it then screw it

Niggas coming ready raw 'cause I speaking fluids
talking money
That's something that you don't what to do with, I done
rock with
Mary J Blige, my nigga, try petting the recession, yeah
some that nigga
The big boy get the big boy's rush
The only nigga made 20 mill' fuckin' with Koch

We done been around the world, seen a lot girls, girls
It started off local, now we global
And baby, we da best, we da best
We da best, we da best

See we do it for the hood
Make it understood, we bought that paper and we
global
And baby we da best, we da best
We da best, we da best, we da best

I'm so independent, but the radio play 'em
Fuck 'em all night, and hit the streets in the a.m.
A milli off top if I video tape 'em
I seen a lot of girls, from LA to Jamaica

Yeah, and all the girls they wanna get freaky with me
Yeah, I'm in the club with a girl Spanish, Japanese
Ya my nigga DJ Khaled, girls alone and you know we
the best
And we so flawless, It's your boy Ray J getting' that
money

We done been around the world, seen a lot girls, girls
It started off local, now we global
And baby we da best, we da best
We da best, we da best

See we do it for the hood
Make it understood, we bought that paper and we
global
And baby we da best, we da best
We da best, we da best, we da best
